

### **Production capabilities - APET Boards**

|                           |            |            |
|---------------------------|------------|------------|
| Width                     | 540 - 1100 | [mm]       |
| Length                    | 350-1500   | [mm]       |
| Thickness                 | 200 - 600  | [ $\mu$ m] |
| surface tension level     | 38-46      | dyn/cm     |
| On line cutting Tolerance | -0         | [mm]       |
|                           | +5         |            |
| Thickness Tolerance       | +10        | [ $\mu$ m] |
|                           | -30        |            |
| Angular Tolerance         | $\pm$ 0.2  | [degree]   |
| Flatness                  | 4          | [mm]       |
| Max. Pallet height        | 1000       | [mm]       |
| Max. Pallet weight        | 700        | [Kg]       |
